

Project Development Phase
Performance Test

Date	01 October 2026
Team ID	SWTID-2026-2615
Project Name	Implement Client Script & UI Policy (Incident)
Maximum Marks	

Model Performance Testing:

Project team shall fill the following information in model performance testing template.

S.No.	Parameter	Screenshot / Values
1.	Data Rendered	Incident table data rendered in the Incident list view and Incident form using test incident records. The form loads with all fields, UI Policies and Client Scripts applied. <i>Screenshot to attach: Incident list view and new Incident form.</i>
2.	Data Preprocessing	Incident form layout and fields configured and verified. Update Set Incident_ClientScript_UIPolicy created to capture all changes. Test incidents prepared with valid and invalid inputs (blank Short description, short Short description, State = Resolved without resolution details). <i>Screenshot to attach: Update Set and form layout.</i>
3.	Utilization of Filters	List filters applied on the Incident table (State = New, Priority = 1 - Critical, Category) to verify test records. UI Policy conditions used: State is New, State is Resolved, Assignment group is empty. <i>Screenshot to attach: filtered Incident list and UI Policy conditions.</i>
4.	Calculation fields Used	Priority (calculated from Impact and Urgency), Short description length check (minimum 10 characters) in the onSubmit Client Script, and State-based conditions (State = Resolved). <i>Screenshot to attach: onSubmit script and Priority calculation.</i>
5.	Dashboard design	No of Visualizations / Graphs - 0 (this project works on the Incident form, not a dashboard). Form design: 3 UI Policies applied (Short description mandatory, Resolution fields mandatory, Assigned to read-only). <i>Screenshot to attach: UI Policy list.</i>
6.	Story Design	No of Visualizations / Graphs - 0. Development stories: 16 user stories (USN-1 to USN-16) across 4 sprints. Client Scripts delivered: 4 (onLoad, onChange Category, onChange Priority, onSubmit). <i>Screenshot to attach: Client Script list.</i>
